THE REASON FOR SELLING AT WHOLESALE PRICES

Like many towns throughout the country, our small town is growing fast. Big Industry is locating here and hundreds of homes will have to be built. Our ranch is in the path of a large housing development, and within the next two years we will have to move. Therefore, I decided to offer you my stock at prices I would quote wholesale to dealers for one rhizome. All stock dug from first year plants, free from disease, and true to name. We transplant all stock every fall. At these prices orders will be sent express collect, or add 7c for each rhizome ordered if you wish them sent parcel post. Minimum postage on any order, 50 cents. Minimum order. \$7.50. Why not form an Iris pool with several of your Iris friends? Each one selecting different varieties, then next year trade your increase. A grand way to increase your Iris collection.

Sincerely yours,

GERTRUDE J. STUETZEL

Member of:

American Iris Society
